

WOODMEN HERE

24,000 STRONG

Crowd Fills The Whole Town To Overflowing.

TWO SCORE OF BRASS BANDS PLAY.

Thirty One Special Trains Bring In One Hundred and Twelve Camps Exclusive of the Citizens Who Accompanied The Members of the Order—The City in Gala Attire—The Exercises at Various Places.

They are here. The Modern Woodmen of America. 24,000 of 'em. One hundred and twelve camps. They came by rail. Overland. On foot. With bands. And without bands. The St. Paul road, by actual count, had brought 6,893 at noon. The Northwestern by actual count, brought 11,496. All who came overland, etc., were extra. So the total is not less than above stated, for many drove in from the surrounding territory. And Janesville was ready for them. There was no hitch, no serious accidents, and no disorder. Gave Them The City Keys. Mayor Baines took the keys of the town from the safe of the municipal

ture. Chief Marshal Goldin and his assistants had planned with care and the result of their work was evident. After dinner, the exercises at the park, and the prize drill at the Corn Exchange claimed interest, while crowds attended the ball game at Athletic Park, the races at the Fair grounds, and visited the up-river resorts.

The Camps Come.

The first camp to arrive came in on the St. Paul road. At 9:10 o'clock the Sauk city aggregation came, with a band of sixteen pieces and sixty Woodmen.

Then came camps from Richmond, 15; Albany 100. The regular trains from Madison brought down 500 people, while Stoughton's camp came 100 strong.

A special from Davis Junction brought 1000 people in eleven coaches. The Genoa camp was headed by a fifteen-piece band and 188 people.

The Elgin camp came in shortly after, with a "tramp band" of twenty pieces. Each musician was dressed in rags, and they made a great show. There were 1000 people in the delegation and they came in an eleven-coach train.

The Beloit Camp Came. 1,500 people came from Beloit at 10:15. Eclipse camp had 120 members and Camp No. 348, 375 members. A team of Forrester, Capt. G. P. Ames, headed the camp and they had a fine band with them. The train was decorated with banners etc.

Brodhead sent 400 Woodmen and the train they came in on was composed of fourteen coaches.

Oakley, Ill., sent 60 people. Shullsburg, 40, a special from Shullsburg with nine full coaches, and Monticello, 40.

The regular St. Paul train from the east at 9:30 brought Eagle Camp, 40 members and a band of 15 pieces.

and Main street to the park packing sidewalks and pavement.

"Janesville has more than she can handle this time," said a Madison spectator.

"We didn't begin to have as many people at 10 o'clock as you have."

But Janesville cared for everybody.

When the business streets got too full the crowd edged back into the side streets on the line of march. They had as good a chance as anybody when the parade came along but how they did stretch their necks as band after band went by on the way to divisional rallying points.

There were bands and bands and bands—and at noon some more bands came.

The Janesville Fire Police never looked better than when they came down Milwaukee street in company front. The Rockford band, one of the best-dressed in line, followed, and after that came the Rockford drill teams, which were received with cheers. They marched admirably, in well-aligned fours, and were greeted with cheers. One Rockford team was uniformed in red caps, white coats and black trousers. The other had gray forage caps, blue shirts and white trousers tucked in enamelled boots. The camp bore a banner that read: 900 STRONG.

De Kalb, where the next picnic will be held, headed its camp with a life and drum corps uniformed in white.

HIS FOOT CRUSHED BY CAR BUMPERS

ONE ACCIDENT MARS THE DAY'S PLEASURE.

Lawrence Ward, of Orfordville, Is Injured While Enroute to the City On a Passenger Train, Although Not Dangerously—The Stands Do a Slim Business.

The first accident, and of course there had to be some with the great crowd in town, occurred while the Orfordville delegation were coming to Janesville on the train. The victim: WARD, LAWRENCE, Orfordville, toes crushed.

Ward was standing on the platform of the car, and got his foot caught between the bumpers. He was brought to this city, and Dr. Joe Whiting called. He found that Ward's right foot had been severely squeezed. All the toes were mashed and it was necessary to amputate the second and third toes, so the operation was at once performed, at the St. Paul freight depot, where Ward had been taken.

Horses Got Scared.

Of course a few horses danced when the band played but there were no accidents. When an equine showed an inclination to fly, there were a dozen men on hand to hold the beast down.

The trains were handled with consummate skill and barring the accident that befel Lawrence Ward no one was even scratched.

The throng was an orderly one and comparatively few arrests were made. Up to noon the jail only sheltered twenty-four men. Nine of them were arrested yesterday and last night. But three men who were

The bands were of all sorts. The "forty tramps" of the Elgin watch factory looked like a lot of hoboes and played like Patrick Sarsfield Gilmore.

Rockford went to the other extreme and sent up her musicians in the most spick and span of white duck and crimson jackets. In all these there were about 35 bands in line and while they were arriving—from 10 to 11:30 o'clock—they marched and counter marched with barely ten-second intervals.

SAW THE GRAND PARADE

It Took Forty-Five Minutes to Pass a Given Point

The Elgin "hobo" band won the prize for bands in the parade and Beloit won the prize for the largest turnout. Beloit sent fully 2,200 people to the picnic.

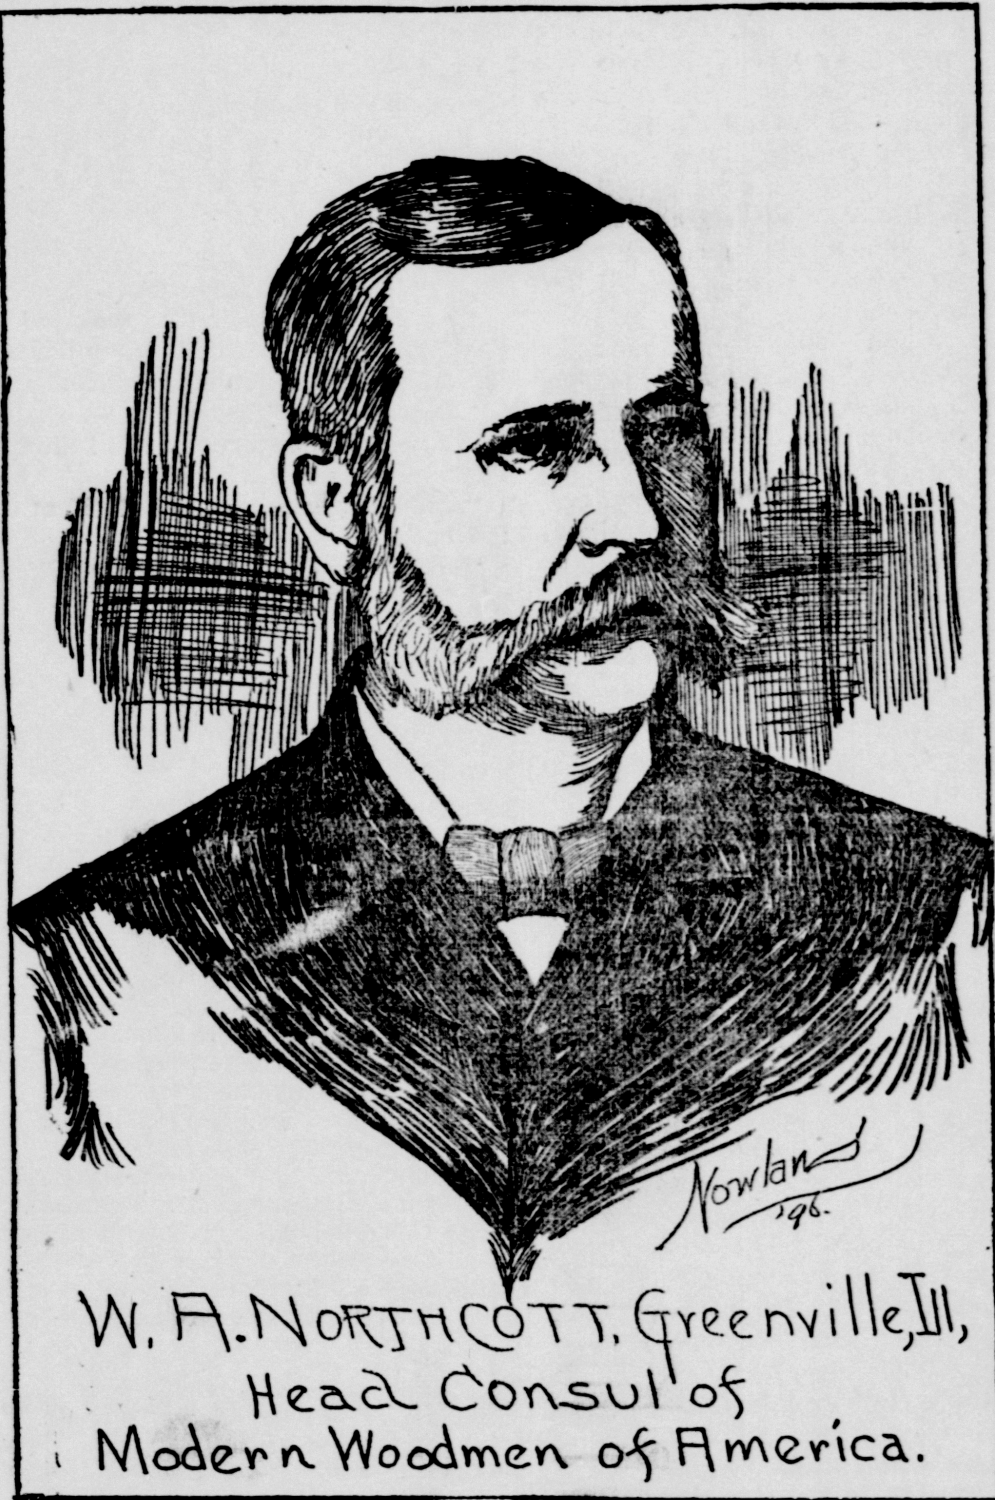

People who counted say there were

Boone, Iowa, won cheers with a red coated drum corps of boys. Clinton, Wis., sent a drill corps uniformed in white duck, and armed with red, white and blue umbrellas.

The prize-winning band was Elgin's aggregation of tramps. It drew cheers all along the line. It had competition, however. The Harvey band just behind it played so hard that one end was punched out of the bass drum.

Beloit Woodmen stretched out over three blocks of the line of march, each man bearing a sun umbrella. Madison had a strong array, too, and marched behind the First Regiment band. Reedsburg had a veteran life and drum corps that people cheered all the way down the street.

Lieutenant Leo Rooney marshaled the Bower City Band and behind it came Janesville Woodmen with the Florence Camp goat. Other lodges had donkeys instead of goats and all

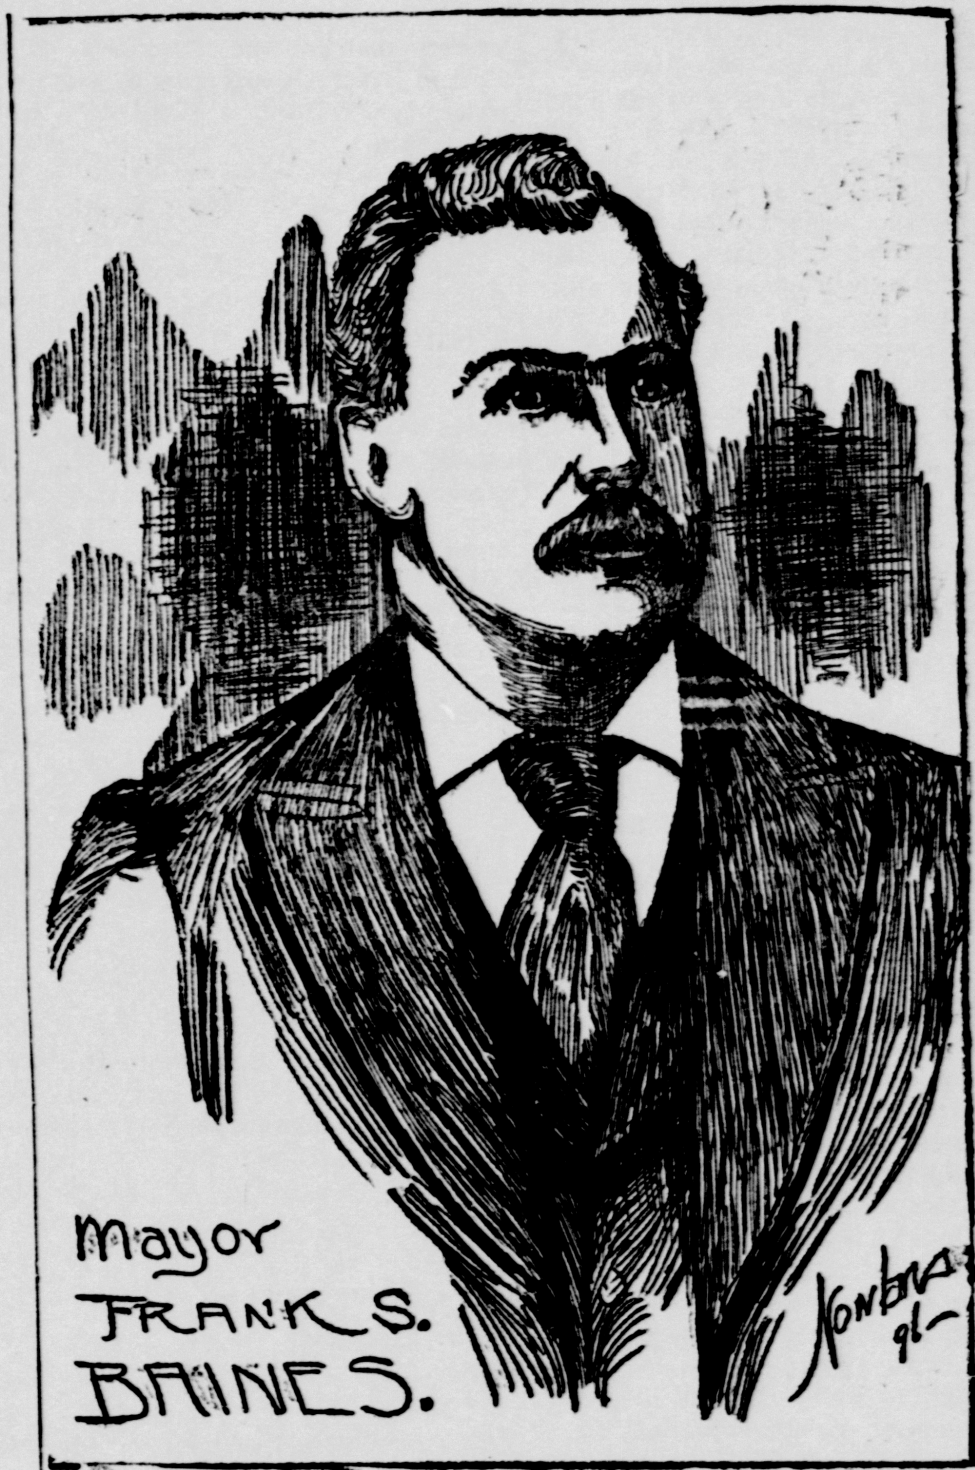

3,300 people in line—with a circus in

good measure. Thirty-eight bands drove dall care away and made skittish horses change ends with great rapidity.

The procession moved at 12 o'clock. It should have started at 11:30 but when the fire bell gave the signal six or seven camps were wandering around in the neighborhood of the depot

The parade formed and marched as

THE FORESTERS DRILL.

Interesting Contest At the Corn Exchange Square—Other Prize Events.

While part of the crowd was listened to the speeches in the park, another delegation was witnessing the prize drill at the Corn Exchange. The team drilled according to the age of the camp, No. 1 first and so on through the list. Each team was allowed fifteen minutes to perform as many evolutions as possible. A cash prize of \$25 was given the best drilled team of Foresters, while special prize of a uniform for Chief Forester for best drilled Foresters not uniformed was offered by Frank Tuttle of Elgin. The judges were Captain LaGrange, Captain Hanson and Captain Nelthorpe.

Several camps competed, but they had not all finished at 3 o'clock.

THE EXERCISES AT THE PARK

Speeches Were Made By Noted Men—The Program.

The exercises at the court house park began at 2 o'clock, the speakers' stand being built in the rear of the court house. Mayor F. S. Baines

believed to be "crooks" had been jailed up to noon. Chief Acheson and Dr. Roberts making the arrests. The first man arrested today was James Quinn, a Beloit moulder. A special officer gathered him in because he was intoxicated.

Stands Fared Poorly.

The most of the street stands did a rather poor business. The eating houses did fairly well, but many of the visitors brought their luncheon with them. Check rooms were scarcely needed, and as a rule did not pay for the labor and money expended in arranging them.

The soda fountain and saloon did a healthy business, as the day was very warm.

The water company had the thirst of the crowd in mind, and made it easy for all to get water. Each hydrant in the business part of the city was opened enough to limit a small stream of water, and a tin cup was fastened to a chain; so that all who were thirsty might "wet their whistle." In the park, stands had been built over the lawn hose plugs. Green & Allen, the plumbers, had a fountain running all day in front of their store on the bridge.

George A. Warren Robbed

George A. Warren of this city, was robbed of \$29 by a pickpocket, while on a street car. He had the cash in his vest pocket.

The sight of brawny six foot police officers in full uniform, made the city look quite metropolitan. Ten of Chicago's best officers were here, they having been secured by the C. & N. W. company for service in Janesville. The special men sworn in for duty today, devoted most of their time to keeping the streets clear, etc., while

ity this morning, and tying a brick to the ring, dropped it into the race.

Then City Attorney McElroy drew up a quit claim deed of the city, and presented it to Ex-Governor W. D. Hoard, president of the Southern Wisconsin and Northern Illinois Picnic association. Now the members of that organization own this good settlement, and they have been doing as they pleased all day long.

All Janesville extended the right-hand of fellowship, and their welcome was cordial. Flowing bunting, unfurled flags, and swaying emblems of the order were evidences of the interest of the people and the town was in gala attire.

Went To Work Early.

When Old Sol peeped over the horizon this morning, he found that he had overslept himself. Janesville people were ahead of him, and the sound of the hammer floated over the quiet streets. Yesterday's drizzling rain had put a stop to the decorating and stand building but it was only temporary. The fire department members were up before the larks and when the "first run" of business men came down town, they saw that the framework of the two handsome arches had been buried in bunting, flags and emblems and were visions of beauty. All the work had been done since daylight and the transformation was complete. All the merchants had been busy since morning. Bunting and flags had been profusely used. Streamers and banners spanned the street, and the work that the rain stopped yesterday, was as elaborate as if Mr. Boreas had never frowned on the Janesvillians.

Was Plenty Going On.

There was no lack of amusement. The big parade, was of course, a fea-

Whitewater camp 100 members, a band of sixteen pieces and 400 citizens.

Nine coach loads of people came in at 10:15 on a train from Chicago via Kenosha.

Rockford's Big Crowd.

Rockford's delegation of 2,000 people came in on two specials at 10:15 headed by two bands, one being composed of boys, nine hundred of the 2,000 were Woodmen, and the others citizens. A white donkey was led along by a man with an axe.

Waukegan, Ill., sent ten members; Genoa, Ill., 70; Fort Atkinson, Wis., 150 Woodmen and a 28 piece band uniformed in white; Russell, Ill., sent a uniformed camp of 100 members; Lake Vella, Ill., a camp of 15; Monroe, Wis., a camp of 150 and a 20 piece band; Elroy, Wis., 50 Woodmen and a 30 piece band; Oregon, Wis., 40; North Freedom, 55. Desplaines, Ill., sent a 11 coach special train and a 30 piece band, 156 members of the order and many citizens.

De Kalb, Ill.

De Kalb, Ill., people came on a special train at 10:40, with 150 Woodmen, a 22 piece band, and 500 people; Irene, Ill., 70; Flora, Ill., 40; Woodstock, Ill., 10 uniformed men and 500 people; Nunda, Ill., a team of 20 men and 40 ununiformed; McHenry, Ill., 20; and Sycamore, a band of 15 pieces, and 250 Woodmen.

Belvidere sent 9 carloads 350 of whom were Woodmen. At 11:30 Marengo, Ill., sent a delegation of 80, who got here just before noon.

Crowd Filled the Street.

As the trains came the people started for the city and by 9 o'clock the downtown sidewalks were more than comfortably full.

Then came the deluge.

At 9:30 o'clock the crowd was flowing in a solid river down Milwaukee

## CLASS OF SIXTEEN LEAVE THE SCHOOL

### AN INTERESTING GRADUATION LAST EVENING.

Subjects Were Novel, and Handled In a Masterly Manner—Linden Quartette Sing Again—The Class Day Exercises Tonight Will Be For Fun Only.

Sixteen more of the Janesville High School graduating class, finished their course last night, and the exercises were of a very interesting nature. The Linden Quartette furnished the music, and it was of a high grade. The subjects were all well chosen and handled in a pleasing manner.

Miss Jessie M. Brown had the first place on the program, her subject being "Am I a Bigot?" She held that this was a burning question, and one that each person should ask of himself. Tolerance, she said, was civilization, and should be cultivated. Her delivery was excellent.

Miss Irene D. Bennett spoke of "Color" and explained, by means of experiments, what colors were, and why they were apparent to the eye. Her oration was very interesting.

Miss Edna Spoon handled the subject of "The Great Motive." Selfishness was the motive in many cases, she said. The only force that could conquer it was love, and her reasoning was forceful, and pleasingly presented.

Miss Jennie Eddington explained "The Fertilization of Flowers" and handled that interesting subject in a charming manner.

"Weather Prognostications" was Edward M. Kay's subject, and he was thoroughly familiar with it. Three large charts were used by way of explanation, and his oration was very interesting.

### The Water Works System.

Harold G. Shurtleff told of "the water works system of Janesville" and explained the details regarding the wells, pipes and machinery in an interesting way. He understood the system and its workings, apparently, as perfectly as the engineer who built it. The water, he said, resembled the water of the Waukesha Springs, and the service was most excellent. A large map of Wisconsin made his explanations more clear.

"Place of the Commonplace" was the subject chosen by Miss Maud McNeil. She said too little attention was paid to the small things, and gave excellent advice in her thoughtful and really exceptionally interesting talk. Miss Ruby Blanchard explained the uses and formation of sugar in her paper or "sugar factories." Her thesis was scientific and interesting.

Samuel B. Echlin explained "Electricity, Magnetism, Light and Heat," in an interesting way, illustrating the salient points of his address by experiments.

Miss Mabel I. Palmer presented a geometrical subject, "The Pythagorean Theorem" in so interesting a way that it lost its dryness and was much enjoyed.

Benjamin F. Cary used a large chart to elucidate his remarks on "Phonography." He said that if all shorthand reporters struck for one day, the world's history for that space of time would be practically a blank.

### The Enforcement of Law.

Carl F. Golling said "The Enforcement of Law" could not be secured until people held private interests below public welfare. His oration was a truthful statement of facts and his delivery was excellent.

Edward P. Norcross gave a very interesting oration on "Oxygen" and made novel and interesting experiments to make his meaning more plain. His number was one of the best of the evening.

Miss Anna Valentine spoke of "Social Reform" and her oration was one of the most thoughtful and interesting of the evening. Her arguments were founded on good sense and clothed in forcible language. Her delivery was excellent and the applause accorded her excellent paper was prolonged and enthusiastic.

Miss Alice Shearer explained the qualities and manufacture of "Acetylene Gas" and illustrated her very interesting oration by means of practical demonstration of the value of the new illuminant.

Miss Monica Gagan told of "Distinguished Persons" her bright and witty oration being illustrated with stereopticon pictures of many of the teachers and pupils. Her comments as the pictures were produced, kept the audience in a roar of laughter.

### Tonight's Exercises.

Tonight will be class night and the main object will be fun. A burlesque on school life with a school exhibition will be given. There will be an Indian club drill by the boys and a fancy march by the girls. The class song will be a notable feature. Although all the members of the class will take part, some will be required to fill leading roles, which will be sufficient to excuse them from any further part in commencement exercises. Those who will receive such credit for their work tonight are William M. Bonestel, Julia I. Cullen, Alice M. Fenton, M. Minerva Gately, Clayton L. Holmes, William J. Hamilton, Nellie M. Ide, Marcia M. Jackson, Robert E. Knoff, Jessie R. Loudon, Edith K. Lynch, Helen C. Nash, Grace L. Nott, Edward H. Patterson, Harriet D. Rogers, Lillian B. Rotherham, Maud Roethinger, Katherine B. Smith, Julia Belle Stoddard and Louis N. Skavlem.

## REPUBLICANS MEET AT SAINT LOUIS

PRELIMINARY WORK OF THE  
CONVENTION BEGUN.

National Committee in Session to Arrange for Temporary Officers and Other Details—Gossip About Final Action of the Convention.

St. Louis, Mo., June 10.—Mark Hanna, as William McKinley's chief manager, is in absolute control of today's meeting of the republican national committee. The committee meets to take up the contested delegations, so that the roll call for temporary chairman may be made up. It is said to be the policy of the McKinley leaders to leave a large number of contests for settlement by the committee on credentials of the convention.

It was reported around the hotel lobbies last night that before the meeting Mr. Fifer would have a conference with Dr. Jamieson, John R. Tanner and others of the Illinois leaders, when it will be decided what course will be best to make Illinois prominent in the convention.

It is said that the McKinley men will stop shouting for Reed as the nominee for vice-president. It is the talk of the republicans that the Maine man has sent word to Hanna that he will not accept the nomination even if it is offered him, and they might as well begin looking for some other running mate for McKinley.

Senator Hansbrough reached the Southern hotel with a senatorial financial story. The senator does not want the word gold to be mentioned in the republican financial plank, and he would not object to see it declare for free silver at 16 to 1. His sensation was to the effect that during the last week the eastern republicans had been bull-dozing McKinley in the interest of the gold standard. He said they had told McKinley and his friends unless the platform came out for gold that President Cleveland would issue an address to the people and then announce himself as the gold-standard candidate, with the promise of support from both the republicans and democrats of the east. The McKinley men laughed at this report.

Isaac Trumbo, delegate-at-large from Utah, comes out flat-footed with the assertion that the delegates from his state are solid for a free-silver candidate. They will follow Senator Teller out of the convention should he lead the way.

M. H. De Young of San Francisco is also talking free silver with all his might. He refuses to go so far, however, as Trumbo. He maintains that while his state favors the free coinage of silver it is burning up with McKinley sentiment, and that if the Ohio man is nominated the republicans of his state will be satisfied, even if they do not get the silver declaration that was declared for in the California state convention.

There was a great deal of talk about the corridors regarding the temporary organization of the convention. Some of the more radical silver men are asserting that they will have their own candidate for temporary chairman although they admit they are in the minority. The majority of the republicans here, however, say that they believe the McKinley men should be allowed to organize the convention as they see fit and that any interference from a minority would appear unbecoming. It is said that Mark Hanna and McKinley have decided upon C. W. Fairbanks of Indianapolis as the temporary chairman. Few republicans here profess to believe there will be a contest over the nomination for president, but all are turning their attention to the financial plank in the platform as the most interesting struggle of the convention.

The silver men have by their talk made the impression that there is going to be a bolt in the convention if the gold standard is declared for. It is freely predicted here that the delegations from Colorado, Utah, Nevada, Arizona, North Dakota and Montana will leave the convention hall. Gen. Powell Clayton of Arkansas, who is credited with being one of McKinley's closest political confidants, and who has been mentioned for a cabinet position in the event of the Ohio man's success, says: "Let the bolters go."

John L. Bittenger of Missouri, favors the adoption of a platform similar to that adopted in 1892. Such an action, he believes, would hold the silver men in line. J. N. Huston, national committeeman from Indiana, reaffirms the report that the presidential candidate favors the Indiana platform and asserts that it will be substantially adopted by the convention next week.

The gold men who are here are issuing statements of the strength of free silver in the convention. According to one of these tables, which is said to be the most conservative yet issued, of the 918 delegates in the convention there are 651 from states which have declared in one way or another for "sound money." In this number states like Illinois and Ohio, whose financial planks were termed straddles at the time of their adoption, are included.

There are eighty-seven delegates pledged to the free and unlimited coinage of silver at 16 to 1, and 180 whose position on the money question is regarded as doubtful.

There is considerable criticism concerning the press arrangements. It is claimed that they are no better than those of previous conventions, where great fault was found. It is pointed out that telegraph and press association rooms are not convenient of access from the hall. There will be 460

press tables, about eighteen inches square. Arrangements have been made for sending bulletins of the convention proceedings by the press association, and it is claimed that the entire country will not be more than one minute behind those present at the convention in the proceedings throughout the session.

Some few of the New York men are here, and they are shouting as loudly as possible for Morton, but even Mr. Morton's followers are now figuring upon getting a man from their state for vice president.

It was reported that the McKinley men through Mark Hanna had guaranteed the colored delegates in the convention their hotel bills, but that the offer had recently been withdrawn. It is claimed the colored men will be taken care of by the hotels.

### Would Transfer the Convention.

Indianapolis, Ind., June 10.—Chairman Thomas H. Carter of the republican national committee stopped off here a few minutes Tuesday afternoon on his way to St. Louis, and announced that the republican convention should be transferred to Chicago at once if St. Louis hotels and restaurants are going to discriminate against colored delegates.

### BASEBALL REPORT.

Games Played in the National League Yesterday.

Rain prevented the game at Washington yesterday. Cleveland is playing like a real good one and fairly ate up the Quaker porridge yesterday. Capt. Ewing ran against a snag on the Polo grounds, and Boston actually was shut out by St. Louis—the second victory for Von der Ahe's men in the east. Results of games played:

### Iowa Location Rejected.

La Crosse, Wis., June 10.—The morning session of the Norwegian synod Tuesday discussed the question of permanent location of the theological seminary. The offer from the Albert Lea Luther Academy corporation was rejected by a large majority. The sentiment seems to be in favor of locating the seminary in or near some large city. A decision was reached to take up a subscription to the amount of \$30,000 to pay the debt of the Pacific Lutheran University at Tacoma, Wash. Sums from one to five hundred dollars were subscribed.

### Quay Not After the Leadership.

Philadelphia, June 10.—Senator Quay said last night that he would not accept the chairmanship of the republican national committee. He said he would withdraw from the presidential field when Speaker Reed, Governor Morton and other candidates did. He said all doubt as to McKinley's nomination on the first ballot was long ago settled.

### Great Havoc by Storm at Newark.

New York, June 10.—A violent wind and rain storm visited Newark, N. J., and vicinity Tuesday night and did damage amounting to fully \$150,000. At 8 p. m. the wind and rain swept everything before them, and traffic was at a standstill for half an hour. Shanties were wrecked and many farm buildings damaged.

### May Arrange a Settlement.

Havana, June 10.—There is much talk in official circles of arranging the Cuban question on a basis of concession of home rule, similar to that in Canada. The Cubans are inclined to accept this, provided Spain takes the Cuban debt and the United States guarantees the Spanish performance of the compact.

### Clarkson May Stay at Home.

St. Louis, Mo., June 10.—General Clarkson will probably not be seen at the St. Louis convention. He has been a sufferer for some time from kidney affection, and has sent his proxy to Senator Gear, who will represent him on the committee.

### Ex-Gov. Felch Dying.

Ann Arbor, Mich., June 10.—Alpheus A. Felch, a governor of Michigan in the '40s and now 92 years old, is very low at his home in this city. It seems to be a general physical collapse on account of his old age.

### Trades Unions to Build a Road.

Milwaukee, Wis., June 10.—At a meeting of the trade unions articles incorporating the Milwaukee Municipal and Suburban Railway company were adopted. The capital stock is \$1,000,000, divided into 200,000 shares.

## ALABAMA TORNADO COSTS TWO LIVES

WYETH CITY IS COMPLETELY  
SWEEP AWAY.

Two Persons Killed and Fifteen Wounded, Six Fatally—Porch Falls with a Crowd Witnessing a Circus Parade at

Ottawa, Kan., June 10.—The town of Wyeth City, containing 300 inhabitants, located on the Tennessee river in Marshall county, was swept away by a cyclone at 11 o'clock Tuesday. The work of rescue had not been finished at last accounts, but it was known that two persons had been killed and fifteen wounded, six of the latter fatally. The cyclone came from the southwest. Its path was 100 yards wide and everything before it was swept away. Eighteen dwelling houses, six stores and a large number of smaller buildings were totally wrecked and many of their timbers carried into the air and away. The storm narrowly missed the bucket factory, where fifty persons were at work. The dead:

EDWARD LONG.

UNKNOWN WOMAN.

The fatally wounded:

Mrs. Ricketts.

J. W. Brandley.

Mrs. Clarke.

Mrs. Crowe.

Tom Jenkins, aged 10 years.

Mary Crowe, aged 3 years.

It is believed that when a canvass is made of the adjacent country the list of dead and wounded will be found to be larger. The velocity of the wind was so great that people who were caught were blown many hundred yards away. Neighboring towns are sending relief to Wyeth City.

### CROWDED PORCH COLLAPSES.

Seventeen Persons Injured While Watching a Circus Parade at Ottawa, Kas.

Ottawa, Kas., June 10.—A porch in front of J. C. Shomo's drug store in Main street, occupied by a crowd witnessing a passing circus parade Tuesday, gave way, precipitating men, women and children fifteen feet to the walk below. The injured:

### Militiamen to Fight Rioters.

Portland, Ore., June 10.—The 1st regiment Oregon national guard has been directed to hold itself in readiness to be ordered at any time to go down the Columbia river and quell the fishery disturbances, and it is more than probable that the militia will be on the move within two or three days. The cannery and other buildings of the North Shore Packing company, situated across from Astoria on the Washington side of the river, were fired last night and other violence is feared.

### THIS DAY IN HISTORY.

1792—John Howard Payne, dramatist and author of "Home, Sweet Home," born in New York city; died 1852.

1811—Sara Payson Willis, later Eldridge and finally Parton, born in Portsmouth, Me.; died 1872; known as Fanny Fern.

1870—Charles Dickens, novelist, died at Gads Hill, in Kent; born in Portsmouth, England, 1812. Dickens began life as a lawyer, but soon abandoned that profession for that of a press reporter. His first literary work appeared in the London Morning Chronicle in the form of sketches. The sketches afterward became noted and passed through many editions. The "Pickwick Papers" followed and established Dickens' reputation. Besides writing a large number of novels Dickens published a periodical called Household Words, and also a literary weekly, All the Year Round.

1886—Disaster at Ford's old opera house, Washington, where Lincoln was assassinated.

1894—Cyrus West Field, son and namesake of the cable projector, died in New York city; born 1837.

### CULLOM GIVES IT UP.

**Senator Says His Name Will Not Be Presented at St. Louis.**

Washington, June 10.—Senator Cullom has definitely declared himself out of the presidential race. He said Tuesday: "My name will not be presented to the St. Louis convention. McKinley will be nominated. I came to the conclusion that it was no use for me to do anything immediately the Springfield convention declared for McKinley. Of course, if anybody wants to vote for me, I can't help his doing so. But my name will not be presented. I feel very grateful for the many kind things that have been said of me. I appreciate them fully. But there is no use keeping up your 'holler' when the thing is settled. What's interesting me now is the kind of money plank the St. Louis convention will adopt. I don't see how they can afford to do anything but declare for sound money. Chicago will declare for free silver. That will bring the issue squarely before the people for settlement. And it had better be settled plainly one way or the other. This pattering around doing nothing but talk is worse than free silver."

### SILVER MEN IN CONTROL.

**Comptroller Eckels Says They Hold Power in the Democratic Party.**

Chicago, June 10.—James H. Eckels, comptroller of the currency, arrived in the city yesterday. "I think I can say little regarding the situation that will be of interest," said he. "It looks now as if the free silver faction will control the convention. The movement has been so strengthened by the action of the state conventions of Kentucky, Indiana and Ohio that it is useless to deny that the free silver people have the controlling power of the party. Still several weeks must elapse before the convention."

"What do you think of the prospects of a bolt in the convention? Will the delegates abide by the acts of the majority as Chairman Harrity states?" was asked.

"I don't hear so much talk about a split-up among the 'sound money' men as reports would seem to indicate. It seems that all such talk emanates from the camp of the opposing faction—the silver men—rather than from the faction which is expected to bolt."

### Silver and Gold May Unite.

Indianapolis, Ind., June 10.—The free silver democrats of the state and those representatives of the party who indorse the administration of President Cleveland, are endeavoring to get together on the election of the delegates to the Chicago convention. During the last four or five days there has been on foot a movement looking to an amicable understanding between the two wings. Until two or three days ago the free silver leaders were disinclined to consent to any man going to the convention who was not known to be "all right" on the money question, but the indications are that an understanding will be reached by which several well known "sound money" democrats will be sent to the convention. These men, however, will have to pledge themselves to vote for the adoption of a free coinage plank in the platform.

### Interview with Ex-Gov. Boies.

Des Moines, Iowa, June 10.—Governor Boies in an interview expressed himself as very confident that the free silver question will in a very short time become the question at issue, beside which the tariff question falls into insignificance. He states that it may not be done this fall, as the masses are not sufficiently educated on the money question, but he is very sure that the free silver question is gaining in popularity as the days progress. He is confident that Illinois will in time become an ally of the free silver forces. Although Governor Boies is a delegate to the Chicago convention he does not expect to attend.

**They Might Have to Yawn.**  
"It is asserted now," he said, thoughtfully, "that a Chinaman never yawns. If that is so—"  
He paused, and for a moment seemed buried in thought.  
"If that is so," he repeated, turning to his companion, "I feel that I may assert with perfect safety that no Chinaman ever met you when you were in a story-telling mood."  
Then he chuckled softly to himself and felt avenged for the hour he had put in listening to the tales of precocious infants.—Chicago Evening Post.

**A Little Too Late.**  
Old Lady—I have determined to leave my fortune to the man who saved my life when I was a little girl.  
Lawyer—Noble woman! All the world will ring with your praises. Who is the man?  
"James Jameson, a poor carpenter. He lived at—"  
"Ah, yes, I remember him. He starved to death 40 years ago.—N. Y. Weekly.

**A Misunderstanding.**  
What do you think this is worth, sir?" asked the poet, as he handed the editor some verses.  
"About ten dollars," replied the literary man, after a perusal.  
"O, sir," said the gratified bard, "I hardly expected to get that for it."  
"O, I didn't mean that. I meant it would cost you that to get it printed."—Detroit Free Press.

**Would Fit His Case.**  
Uncle Humsted—My eyes bother me, an' my fingers is all swelled up with ther rheumatiz, an' my back hurts, an' I can't walk a step 'count er my sore foot!

Auntie Humsted—Wal, father, I reckon you're about ready ter take one er them patent medicines that cures everything.—Detroit Free Press.

**She Was Discharged.**  
"What is the charge, your honor?"  
"What is the charge?" said she.  
"You rode your wheel too rapid—"  
"Tis scorching, miss," said he.  
"Your honor, I'm from Boston!"  
She said, and stamped her toe;  
"The Beantown girls can't scorch, sir, they are too cold, you know."—Yonkers Statesman.

**Some Strength of Character.**  
"What a delicate-looking girl that little Miss Psalm is!" observed the youth in the corduroy waistcoat.  
"She may look feeble," said the young man with the pale mustache, bitterly, "but you ought to see how easily she can break a three years' engagement when a richer fellow comes along!"—Chicago Tribune.

**Time to Leave.**  
Mrs. Witherby—How long did Mr. Bangle stay the night that I wasn't home?  
Witherby—Until half-past ten.  
Mrs. Witherby—Until half-past ten! Why didn't he stay longer?  
Witherby—Because I held four aces.—Bay City Chat.

**Giving Him a Pointer.**  
"I hope I see you well," he said, fluently, to the old farmer leaning on his hoe.  
"I hope you do," was the unexpected answer, "but if you don't see me well, young man, put on your specs; they're a wonderful help to poor eyesight."—Detroit Free Press.

**The Marble-Hearted World.**  
Laugh and the world laughs with you;  
But when you indulge in a cry,

It gives you the icy eye.

And marries a great, big tall one.

**What She Had Seen.**  
"Did you ever see a horse that could count?" he asked.  
"No," she replied, "but I have seen a man that could lie."  
Then it was that he suddenly decided not to tell the story he had in mind.—Chicago Post.

**Fatal Experiment.**  
Aunt Rachel (on a visit)—Gertie, where is the nice little doll I gave you last Christmas?  
Gertie—I put bloomers on her the other day, auntie, and she isn't a bit nice now.—Chicago Record.

welcomed the visitors, saying they represented the most sacred of all things—life, and the most vital of all—the home.

"The city is yours," he said. "If you don't see what you want, ask for it."

In well chosen words he extended the freedom of the town and Ex-Governor Hoard on behalf of the Woodmen make the response in his usual interesting vein.

Two Speeches Made.

The principal speakers were W. A. Northcott, Head Consul of the order in America and Attorney M. G. Jeffris of this city. ### SOME FACTS ABOUT THE ORDER.

Paragraphs That Relate to The Society and Its Members.

The ordinary expenses of local and head camps are paid by semi-annual dues regulated by the local camps.

No person will be admitted to beneficial membership in this order until he has been examined by a physician in regular practice.

The Royal Neighbors of America, the ladies' auxiliary, has a total membership of 12,000, with 2,553 beneficiary members.

There were 258 deaths in Illinois last year, on which the order paid \$537,500 insurance.

The cost of insurance in the Modern Woodmen is but \$4.95 per \$1,000 per annum.

The average age of the members of the order is about 37 years. It is younger now than at its birth.

The order provides for the payment of \$500, \$1,000, \$2,000 or \$3,000 to the families of deceased members; also care and attention in sickness.

Clerks employed in the wholesale liquor department of drug stores that sell liquors by wholesale are not eligible for membership in the order.

The first three months of this year the order has received \$550,000 and paid out over \$450,000 in the beneficiary department alone.

There are now 400 camps of Royal Neighbors, the auxiliary branch of the order.

A member of the Modern Woodmen does not forfeit his membership by removing outside the prescribed territory.

The first four months of this year 29,000 new members have been added.

April 15 there was a balance of \$57,326 in the benefit fund and \$179,245 in the general fund.

Claims on the death of members who were in suspension at the time of death cannot be paid.

If a camp fine a member, the fine must be paid within thirty days, or the accused will stand suspended until it is paid.

## HIS FOOT CRUSHED BY CAR BUMPERS

CROWD FILLS THE TOWN TO  
OVERFLOWING.

Thirty One Special Trains Bring In One Hundred and Twelve Camps Exclusive of The Citizens Who Accompanied the Members of the Order—City in Gala Attire.

(Continued From Page 1.)

the regular police, and the visiting officers watched out for crooks.

Business Suspended.

Business was quite generally suspended, although none of the stores were closed. The streets were free of delivery wagons, and the people had everything their own way.

Theoretically, there was school today. The teachers were on hand in each room. At ten minutes to 9, the school yards were as quiet as cemeteries. The 9 o'clock ball called one or two children to some rooms—as many as four to others. They were very obtuse young people—unnatural prodigies who imagined that even Woodman's Day could not interfere with the progress of education. When they learned their mistake they slipped out through the wardrobe doors and came down town.

It had not been intended to close the St. Paul's Lutheran school, and children were told to come as usual today. When school opened, however, only three children were on hand, and classes were dismissed for the day.

All the factories in town closed.

Beloit dealers shipped in big loads of bread and pies this morning, and cut prices and supplied many refreshment stands. A bread war is raging in Beloit, and it may be carried to this city, with today as a starter.

Thomas Russell Taken Ill.

Thomas Russell, who drove a hack for C. C. McLean, the liveryman, in which the Rockford Quartette rode, was taken with a fainting spell in front of G. A. Shurtliff's residence, and fell from the seat. He was carried into the residence, and Dr. Mills attended him. His illness is not serious.

Cars Can't Carry Crowds

The street cars could not carry the crowds that wanted to go the fair grounds and the base ball park, and local liverymen were bitterly regretting that they leased their carryalls to the Milwaukee strikers.

Evidence of Robbery.

Mrs. J. B. Franklin found two pocket books in the stairway of the Kent block at 2 o'clock. Both were empty except for three tickets to Elgin in one and a ticket to Monroe in the other. They evidently had been emptied by pickpockets and thrown in the hallway.

L. Weise of Sharon said his pocket was picked of \$15 about noon. He was too intoxicated to give details.

Two Chicago crooks were caught by Officer Hogan as they were picking pockets in Robinson's saloon about 3 o'clock.

## WANT BRAM FREED FROM THE PRISON

PETITION FOR PARDON IN  
JUDGE BENNETT'S HANDS.

Case Will Be Recalled By Rock County People, Bram and Mrs. Henry Steussy having Been Sentenced For Life For the Killing of Mr. Steussy.

A petition for the pardon of one of the chief actors in a cold blooded murder, is now in the hands of Judge John R. Bennett, but whether or not it will receive his signature, yet remains to be seen.

The pardon is asked for Burkhard Bram, who was sentenced from Green County, together with Mrs. Henry Steussy, in 1882, each receiving a life sentence for the murder of Mr. Steussy. The deed, as Rock County people will remember, was the result of jealousy.

Bram shot Steussy while the two were out walking. Judge Bennett was called to Green county to try the case and sentenced both Bram and Mrs. Steussy to state's prison for life.

Mrs. Steussy died in prison and a petition asked that Bram be given his freedom. If it is signed by his honor there is little doubt but what it will have a telling effect upon Governor Upham.

The petition contains the signature of numerous Green county citizens who are familiar with the case and who think that Bram has received his punishment.

## DEMOCRAT PUT OUT BY CONGRESSMEN

### ELECTION CONTEST DECIDED AGAINST UNDERWOOD.

Minority Tries to Prevent Action, but Is Defeated—Conference Reports on Appropriation Bills Agreed To—Sectarian Schools Barred.

Washington, June 10.—The house Tuesday gave its final approval to conference reports on two of the four appropriation bills which were in issue, the naval and the Indian bills.

The public building amendments and the electric lighting and sectarian charities items in the District of Columbia bill stand between congress and the final adjournment. It is the opinion of the house leaders that an adjustment will be effected and a final adjournment reached to-day or on Thursday at the latest.

When the house convened at 10 o'clock the legislative day of Saturday was still in existence. There was a fair attendance of republicans, but less than half a dozen of the minority were on the floor. Mr. McMillin (dem.) of Tennessee, in explanation of the action of his side of the house, said the democrats did not consider it to be their duty to attend the closing hours of the session to help furnish a quorum for the purpose of unseating another democrat.

The Tucker rule, adopted at the beginning of the session, was invoked for the first time. It compelled members brought in by the sergeant-at-arms to vote on the pending question. The motion was carried—130 to 45. The speaker counted four members as present but not voting.

Mr. Daniels (republican) of New York addressed the house in favor of seating the contestant, Mr. Aldrich.

Mr. Linney (rep., N. C.) in supporting the contestant gave a picturesque denunciation of the election frauds which he said were practised in the south by the democratic organization.

When the time for debate expired, Mr. Owens (dem., Ky.) moved to recommit the case. The motion was lost—67 to 93. The voting was then taken on the first resolution declaring Mr. Underwood not entitled to the seat. The resolution was adopted—119 to 98. The resolution declaring Aldrich entitled to the seat was adopted—116 to 107.

Mr. Cannon appealed to the house not to yield to the senate in the matter of the public building amendments to the sundry civil service bill, and with the exception of the amendment for the public building at Savannah, Ga., all were disagreed to and the bill sent to further conference. The Savannah item was agreed to—96 to 91. A partial conference report on the District of Columbia bill was presented and adopted. A resolution was adopted directing the speaker to appoint a committee of five members to investigate the management of the Leavenworth soldiers' home.

At 7 o'clock the house took a recess until 10 this morning.

#### IN THE SENATE.

##### Final Conference Reports on Appropriation Bills Agreed To.

Washington, June 10.—The senate Tuesday agreed to final conference reports on the naval and Indian appropriation bills, leaving only the sundry civil and the District of Columbia conference reports outstanding. The bill to amend the law respecting punishment for contempt of court was discussed by Mr. Hill (N. Y.) and Mr. Allen (Neb.), but a final vote was not reached. The measure is the result of the agitation over the imprisonment of Eugene V. Debs and others for contempt.

A supplementary deficiency bill, covering mileage of new members of the house and other minor items, was passed by the senate.

A joint resolution by Mr. Burrows (rep., Mich.) was passed authorizing the insertion of a bronze tablet on the new building at Detroit commemorating the British evacuation of 1796.

Mr. Morgan (dem., Ala.) offered a resolution, which was referred, authorizing the committee on Pacific railroads to continue the inquiry as to the Union and Central Pacific roads during the recess of congress.

##### Anti-Bond Bill Is Dead.

Washington, June 10.—The senate anti-bond bill is dead for this session. "Sound money" men in all parts of the country have been urging Speaker Reed to have the house act on it, the feeling being that the majority of the house is against the bill and that an adverse vote would have a salutary effect in this country and abroad. While there is no doubt a majority of the house is against the bill, there is also no doubt that a majority is against its consideration. A thorough canvass has been made of both sides of the chamber, with the result that a very determined majority against the consideration has been discovered.

##### All Sectarian Schools Barred.

Washington, June 10.—In the conference report on the Indian appropriation bill, a change was made in the declaration of policy concerning schools. The word "Indian" was omitted, so that the declaration was broadened. It now reads: "It is hereby agreed to be the settled policy of the government to hereafter make no appropriation whatever for education in any sectarian school." The provision extending the school appropriations to June 30, 1897, was amended by a provision that the amount shall be appropriated as nearly as may be among schools of various denominations.

#### PLANS OF SILVER MEN.

##### To Nominate Senator Teller After Bolting St. Louis Convention.

Chicago, June 10.—A special letter from Washington to the Record contains the following: "The silver republicans will not be satisfied with any sort of a declaration that a majority of the convention will be willing to make. A majority of the states will doubtless be for a modified expression in favor of a gold standard and international bimetalism, but a majority of the convention is expected to declare positively and with emphasis against the free coinage of silver at 16 to 1 or any other ratio. The silver men will demand a vote upon a silver plank, and will be defeated by an overwhelming majority, whereupon it is expected that the delegates from Colorado, Idaho, Utah and Nevada will leave the convention. Perhaps not all, but the most of them, for they will go there demanding free coinage or nothing.

"Senator Stewart and some other of the silver leaders with republican leanings have fixed up a plan to have these bolting delegations call a mass meeting of those who have been in the habit of voting the republican ticket and are in favor of the free coinage of silver to assemble at once in St. Louis or at some other convenient location in the west before the Chicago convention in order to enter their protest and remonstrance. It is believed by these gentlemen that they can get together an assemblage of 10,000 republicans who are not satisfied with the St. Louis platform, and after formulating and adopting a declaration of principles they propose to nominate Senator Teller as an independent silver candidate for the presidency, and commend him to the democratic convention at Chicago, and the populists who will meet at St. Louis the latter part of July."

##### Nearly Ends in Bloodshed.

Pittsburg, Pa., June 10.—The eighth legislative district convention here Tuesday nearly ended in bloodshed. The contest was between the Quay-Magee factions. The senator was defeated. During the trouble one of the secretaries pulled a gun and before peace was restored there were many of the delegates mixed up in the scrimmage who received bruises during the pandemonium. The police and Superintendent Roger O'Mara had to be called to quell the riot, which raged furiously for about twenty minutes. The Quay delegates bolted the convention.

##### New Mexico Bill Reported.

Washington, June 10.—Delegate Catron of New Mexico has reported to the house from the territories committee the bill for the admission of that territory to the sisterhood of states. Accompanying the bill is a long report submitting reasons why New Mexico should be admitted to the union. This report reviews the financial condition of the territory, and speaks of its resources, based on the figures of the last census.

##### May Dwell in Palace Cars.

New York, June 10.—J. E. Milholland of the New York McKinley league has telegraphed Mr. Hill, delegate from Mississippi to the republican national convention at St. Louis, saying: "The New York McKinley league special train of parlor, saloon, and sleeping cars will arrive Sunday night, and will be placed at the disposal of yourself and other reputable colored delegates and friends who cannot be accommodated otherwise."

##### Illinois County for Free Silver.

Pittsfield, Ill., June 10.—The democrats of Pike county met in convention here. Resolutions were adopted opposing the issuing of interest-bearing bonds in times of peace, favoring a tariff for revenue only and the free and unlimited coinage of both gold and silver at the ratio of 16 to 1. Delegates were instructed to vote for Gov. Altgeld as candidate for governor. They were also instructed to vote as a unit on all questions.

##### To Honor Americans.

London, June 10.—Cambridge University proposes to confer honorary degrees upon Simon Newcomb, professor of mathematics and astronomy of Johns Hopkins university, Baltimore, Md., and upon Francis Andrew March, professor of the English language at La Fayette college.

##### Silver Men Win in Ohio County.

St. Clairsville, O., June 10.—Silver won a decisive victory in the Belmont county democratic convention Tuesday. Both the silver and gold factions put up complete tickets, and the silver men won by a vote of 24 to 5. All the delegates elected are 16 to 1 silver men.

##### West Virginia Democrats for Silver.

Parkersburg, W. Va., June 10.—At Spencer, Roane county, the democrats in mass convention declared for free silver, and instructed delegates to all conventions to vote for none but free silver men.

##### Will Meet Next Saturday.

Philadelphia, Pa., June 10.—The committee having charge of the arrangements for the meeting of the democratic national convention has been called to meet at the Palmer house, Chicago, Saturday next, June 13, at 12 o'clock noon.

##### Ice Cream Kills a Family of Six.

Shelbyville, Ind., June 10.—The family, six in number, of Thomas Thomas of Fayette county, will die from the effects of eating ice cream in which it is thought poison had been placed.

Mrs. R. DeYoung, Middleburg, Ia., writes: I have used One Minute Cough Cure for six years, both for myself and children and I consider it the quickest acting and most satisfactory cough cure I have ever used. C. D. Stevens.

##### Will Create a Sensation.

Cincinnati, O., June 10.—When it was stated several days ago that Governor Bradley had not withdrawn from the presidential race and had not authorized anyone to withdraw his name the sentiments of the governor were voiced to the letter, and an interview Governor Bradley is to authorize today will not only verify this statement, but will probably have an important effect on the campaign now in progress between the aspirants for the nomination.

##### Minister Taylor Reported Ill.

Washington, June 10.—Word has reached Washington that Mr. Hannis Taylor, United States minister to Spain, has been taken ill in Paris. He was on his return to Madrid from England after sending his family home.

## POLLS ARE OPEN FOR C.E. BALLOTS

CONDITIONS ARRANGED BY  
LOCAL ENDEAVORERS.

It Had Been Intended to Limit the Vote to Coupons Cut From the Paper But An Allowance On New Subscriptions Has Been Made By General Request.

June 1 the polls opened for the Christian Endeavor convention ballots. Somebody will go to Washington as The Gazette's guest next month. Who it is to be the vote will determine.

It was intended at first to have no voting except by coupons clipped from the paper. The premium allowed for new subscribers in the piano contest two years ago, was a source of complaint, so many blocks of votes being transferred from one candidate to another at the last moment. Consultation with members of the three local Christian Endeavor societies, however, resulted in a change of plan. It was urged by all the young people interviewed that allowance be made for new subscribers as well as for coupons. Their arguments decided the matter but it was determined that no voters should be transferred after being once recorded. The conditions of the vote will be as follows:

Any one, anywhere in any state is entitled to vote.  
Cut out the coupon (trimming on the dotted line). Write in the name of your candidate, and send to Ballot Editor, Gazette, Janesville, Wis.  
Only one person can be voted for on one ballot.

None but members of the Janesville Christian Endeavor societies are eligible as candidates. The winner will have railroad and Pullman fare paid from Janesville to Washington and will have hotel expenses paid throughout the convention.

## A GOOD PRACTICE.

If You Want a Good Appetite and Perfect Digestion.

After each meal dissolve one or two of Stuart's Dyspepsia Tablets in the mouth and, mingling with the food, they constitute a perfect digestive, absolutely safe for the most sensitive stomach.

They digest the food before it has time to ferment, thus preventing the formation of gas and keeping the blood pure and free from the poisonous products of fermented, half-digested food.

Stuart's Dyspepsia Tablets make the complex clear by keeping the blood pure. They increase flesh by digesting flesh-forming foods.

Stuart's Dyspepsia Tablets is the only remedy designed especially for the cure of stomach troubles and nothing else.

One disease, one remedy, the successful physician of to-day is the specialist, the successful medicine is the medicine prepared especially for one disease.

A whole package taken at one time would not hurt you, but would simply be a waste of good material.

Over six thousand men and women in the state of Michigan alone have been cured of indigestion and dyspepsia by the use of Stuart's Dyspepsia Tablets.

Sold by all druggists at 50 cents per package.

Home Seekers' Excursions to the West South and North.

On June 9 and 23, the Chicago, Milwaukee & St. Paul railway will sell excursion tickets at half rates plus \$2 for the round trip to points on its own line in Iowa, Minnesota, Dakota and northern Wisconsin. Also to points on other railways both south and west.

Low Rates To Cleveland.

The Nobles of the Mystic Shrine will meet at Cleveland, June 23 and 24.

For this occasion the B. & O. R. R. Co. will sell tickets at reduced rates from all points on lines west of the Ohio river, for all trains of June 21 and 22, valid for return passage until June 25. The fare from Chicago will be \$8.50 and correspondingly low rates for all other points. Tickets will also be on sale at all points throughout the west.

The B. & O. is the only line running Pullman sleeping cars between Chicago and Cleveland.

## Ten Years Hence...

You will hear men refer back to June 10th, 1896, as being the day that Janesville and her Modern Woodmen entertained more people than were ever before within her limits. There were Woodmen by the thousand, there were visitors by the train load, there were dozens of bands, there was a most imposing parade, there were prize drills by various camps, there were races at the driving park and base ball at Athletic park, there were excursions up the river, there were balloon ascensions, and there were attractions without number all about town. Such, in short, will probably be a brief resume of the "gala day of the year," and we invite you to make our store your meeting place; and should there be anything you want in the Dry Goods line, we shall be pleased to wait upon you.

#### Joe Jefferson's Retort.

Joseph Jefferson, the actor, was once asked to spend a week with a Scotch peer. Among the guests was a brilliant and hearty lady who was the daughter of an earl.

"I suppose," said Mr. Jefferson, "there must have been something in my American manner that amused her, for she made a dead set at quizzing me. I did not detect it at first and answered some of her absurd questions about America quite innocently.

"She kept her face so well that I might never have discovered this but for the idiotic grin upon the smooth face of one of her admirers; and then I felt that, for the honor of my country, if she made another thrust at me I would parry it if I could. I had not long to wait, for emboldened by her late success, she turned upon me and said:

"By the by, have you met the queen lately?"

"No, madam," I replied with perfect seriousness; "I was out when her majesty called upon me." She colored slightly and then turned away and never spoke to me again; but I was revenged."—Pittsburg Dispatch.

#### To Buy the Crater Farm.

A syndicate of northern members of the Grand Army of the Republic is negotiating for the celebrated "crater" farm, which is situated a short distance from Petersburg, Va., in the county of Prince George, and which is about half a mile southeast from the old Blandford church burying ground. The "crater," historic in prose and song, was the scene of one of the grandest and yet most appalling tragedies of the civil war. It was here that, without a second's warning, 273 confederate soldiers were blown to atoms by a gigantic mine of powder that the union troops had tunneled under the southern works.—New York Times.

#### The Public Schools.

The future prosperity of our nation depends entirely upon the training and education of the youth of the present day. Our public school system, though we do not claim it to be perfect, is, I think, the best the world ever saw. It tends to elevate all classes and conditions of mankind, foreign and native born, black and white.—Rev. Dr. Peters, Reformed church, York, Pa.

#### Odd Title for a Lover.

Books might be written of the social life and customs of Mexico. A foreign young man is on a much easier footing than the native young man. The foreign young man can visit about freely. The señoritas do not feel it necessary to fly from him. That is because they have no intention of becoming his wife. But it's all different with the native young man. He can't visit about. The young ladies will not receive calls from him. He must make up his mind as to the girl he wants from seeing her on the streets. He must follow her about the streets and kiss in her ear that he

loves her. She pays no heed to his hisses. Then he stands under her window for days, weeks, even months. Sometimes the blinds are suddenly closed. This is a hint for him to go about his business. While the blinds remain open he may hope. At last he is invited in. That means that the family is willing. The girl may decline him after all. While the young Mexican is chasing about the streets, hissing his love in the cold, callous ear of his inamorata, and subsequently standing about in melancholy fashion in the street in front of her house, he is called a "bear."

Mexican girls are very proud of their bears, and their social importance is decided by the number of bears that infest the region about their home and follow their trails when they travel about the town. One lady speaking of her two daughters—stars in Mexican society—said: "Last season they had more bears than any two girls at the capital." Her tone showed triumph. She took a maternal pride in the number and social tone of her daughters' bears.

#### Meeting Will Be Public.

Washington, June 10.—The senate subcommittee of the finance committee designated to conduct an investigation of the recent bond issues has decided to begin its work after the adjournment of congress and to admit the press to its sessions. Its first intention was to hold secret meetings, but that idea has been definitely abandoned. Secretary of the Treasury Carlisle has prepared a statement for the committee, in compliance with its request, but it is probable that he will also appear in person to answer questions.

#### British to Occupy Suarda.

Akashah, June 10.—Maj. Burn Murdoch's cavalry occupied Suarda Monday and captured the entire dervish camp and a great quantity of supplies. Many of the enemy were killed and forty dervishes were made prisoners. Sir Herbert Kitchener has sent a detachment of infantry to hold Suarda, as it is a very valuable position. The pursuit of the dervishes has been stopped, as the entire force north of Suarda, with the exception of about 200 fugitives, has been killed or captured. The whole of the Nile north of Suarda is now in the hands of the Egyptians.

#### Oregon Republicans Win.

Portland, Oregon, June 10.—In the first congressional district, Tongue (rep.) has a plurality of seventy-four. Complete returns have been received from all counties in the district, and from all but three official returns are in. In the second district, with official returns from five counties missing, Ellis (rep.) has 452 plurality.

## BICYCLE SHOES AS EASY AS GLOVES

To be comfortable while riding you must have shoes made for the purpose. The arrangement of vamp sole and lacing must be perfect. Bicycle Shoes for every day wear, however, afford wonderful ease to sensitive feet. They prove very satisfactory, too, for golf and other games where much walking is necessary. No Bicycle Shoe has ever stood the test the way the "Ball Bearing" has.

### Three Nobby Ones For Men--

**OX BLOOD CALF**—Made of the highest quality stock, with black lacings and lace holes. The top notch of style.

**TAN CALF**—The natural color of the leather. Cool looking and as flexible and easy as kid.

**BLACK CALF**—These are preferred by some to the tan. We meet all tastes. The leather in these Shoes is the famous "Prince of India," tough as belt lacings. We honestly believe there is no better Bicycle Shoe made. We have all widths.

Nelson, the winner of the Chicago Road Race, wore "Ball Bearing" Shoes.

### Great Assortment For The Ladies...

All the prettiest styles are in our stock this year. Easy and well-fitting Bicycle Shoes for ladies—the element of beauty not neglected, either. What would you like? If it is new we have it.
